MOTION FOR APPOINTMENT OF SPECIAL PROSECUTOR

COMES NOW LaSalle County State's Attorney, Karen Donnelly, and pursuant to the provisions of 55 ILCS 5/3-9008 moves for the appointment of a Special Prosecutor in this case. The prosecution of the defendant by the State's Attorney's Office could be a conflict of interest for the office, or alternatively, could create the appearance of an impropriety. Dear Mrs. Paccuglia.

It has come to my awareness that there has been some misunderstanding as to where I'm going with my case. I just want to inform you that I'd like to have all my potential rights stripped from me. I'm keeping Kevin as the only custodian and parent of (Modeline Kramer). I don't want visitation or partial custody. I just want to keep things the way they are from now on as with Kevin having the child and I just mind my own business. There are rumours that I might open a case against the police and I just wanted to inform you that all of those rumours are false. I'm working on getting a legal document produced with Robert Steele with a clause waiving my rights to file a case against the police or any individual directly or indirectly involved for future reference putting everyone's mind at ease. As far as I'm concerned, I can't physically sign any paperwork. I'm waiting for Steele to go ahead and file a legal document pertaining to this immediately so we can move on with our lives. I plan to have Kevin alone permanently and if Mr. Steele wishes, I've asked him to have this authorized. I can't do it myself but in needing it of the court. If I can please be released from here and not the case I'm here on removed so we can finalize the overall closure of the family. Or at least can we make things here a little easier on me? I'd really like to be out. Can you please let the other family's feel as though they been here was for nothing. We should let me on the ground of resolving the court case and getting the paper work signed. I want to authorize the finalization of my legal case immediately. If not or anyone else I need to meet with for this purpose. I need to meet with you and please arrange that. You have done a wonder for me. I need to be able to resolve things sooner. I want the family case sealed and removed from any public access. Any person, including myself who has been involved in the family case and all transcripts will be sealed and removed immediately, and all information eliminated from the docket and courthouse forever, as soon as I can sign all the paperwork. That way, all will be well.

Thank you Mrs. Cynthia Kaeuglin
I hope you understand.

Dear Hon. Judge of the Illinois Criminal Justice Commission,

Hi. It is me, Julie Bickman representing error number RM-17-1210

I have been severely abused here at the La Salle County Jail, and

I am here asking you for comfort and relief from it all. Since my friends have

been I've been constantly abused by all the jail staff, including even that of

the nurses, minimum and mental health counselor. They have also thrown

poison in my food, cyanide in my water, and acid in my bath sink water.

This poses a huge risk for all the staff here, including that of all the people who are to

handle or manage such harmful waste chemicals and the materials associated with them.

I am sincerely concerned for your workers safety and mine.

Can you please help?

Thank you for your concern.

Sincerely yours,

Julie Bickman

Dear Cynthia,

I need your help to have the case dropped or something. I have cyanide in my tuma from my commissary and am unable to eat anything at all this week. At my case the other day 15-F-153 at the Downtown Courthouse, I was seeking to have all my paternal rights signed over to the Dad but they wouldn't let me due to the criminal court case and the implications towards it, which should be all together avoidable if the case was handled correctly. I don't have a mental health crisis, Mrs. Raccuglia, you know this.

As you can see by my tongue, I have acid scars on there. I need help and bad before it's too late. Please get me out of here in supernatural ways Mrs. Raccuglia. I know you can do this I have faith in you. You know damn well I'm without food and water in here on a regular basis and clean air sometimes. Imagine if your life was in the hands of a Judge who was taking too long meanwhile awaiting trial in a torture chamber where you're being drugged and gassed. You know damn well they're not feeding me in here either. I need to eat something and soon preferably.

I need the court case cancelled and to be done with all court stuff. Please take it upon yourself to get me out of here and soon. Today please if at all possible. I may be able to plea guilty and leave here on time already served if you would allow this. I've already spent close to a long term sentence for a crime we haven't even solidly addressed that I've committed yet or not, all the while I'm experiencing extreme amounts of abuse and harm in here. You know this is not right Mrs. Raccuglia and I needed out of here like yesterday, pronto. Even with a guilty plea, which I'm perfectly capable of accepting today, I might've only gotten a ticket or a smaller form of sentence like community service or something. The time I've spent can be put toward good time if you'll allow me to plea guilty and leave here soon please, today perhaps. Please Mrs. Raccuglia, I don't want to be here any longer. I remain, Julia Eickmeier

Dear Michelle Vescegni,

OCT 17 2018

FILE 18CM426

10-14-2018

Hello. I have been being poisoned for too long here at the LaSalle County Jail, and I am in need of relief from it all. Every chance they get, they try to poison me with something. I told the D.H.S. worker who came to meet with me about this. She apparently told me there would be a 5-12 day wait period. I asked her if the case could be handled on an emergency basis. All the while she had left me here without any help at all. They have since then forgone allowing me to have any food or water at all, and are depriving me of my basic human civil rights. This is wrong. I am not even supposed to be here at all in the first place. If I were to be found guilty of the crime they're insinuating I committed, I might only get a small fee, and no lengthy prison sentence at all, deeming this cruel and unusual punishment. All in all, my case should have never been brought before the Judge had D.C.F.S. not corruptly tried to have the father gain custody of the child through an order of protection which is unallowed, proving they wronged me and now I'm here because of it. They have absolutely no right to help the father gain an O.P. against me as part of their investigation, which this cm case originated from. They took my child from me and placed her with the father then insinuated this was for the purpose of them investigating him for sexual abuse. They had previously conspired with the father's attorney telling promises of gaining them custody through the use of an O.P. Then they told me and my Attorney to take the child to the Hospital at the next apparent signs of abuse, so they could finally do something to help the child as they had neglected to ever help protect her from the abuse of the father ever since they first investigated from around the time she was 7 months old. Then after the Hospital visit where the Doctor found signs of sexual abuse and reported Dad to the local Police Department for it, D.C.F.S. got involved. They wanted me to sign my rights over to the father immediately as a safety plan for the duration of their investigation. This went against all rightness or sound mind on the D.C.F.S. workers part. They have been messing my life up and still are as I'm sitting here on false charges because of their corruption. They aided and abetted to gain the father custody of the child through an order of protection for the duration of their investigation without ever having a shelter care hearing prior to them taking protective custody of the child and placing her with the Dad while he was still being investigated for sexually abusing the child. D.C.F.S. personell lied on the stand, offering false testimony, a.k.a. perjury, to have the child placed with the Dad. Even D.C.F.S. knows better than this as their protocol tells them how to conduct a proper investigation. D.C.F.S. have lied their way into making my life a living hell, and having the child stripped from me and placed with the father on the basis of corrupt procedures. Can I please have a different Judge because this one is not handling the case correctly. Ever since I made mention to Mrs. Cynthia Pascuglia about my D.C.F.S. matters, they have been significantly trying to kill me in here on a regular basis. I need a referral to a different facility while I await trial for this false charge that I never should have got brought against me in first place. Things aren't going to get any better here, I can guarantee it. I'm much better moved to a prison or a psych ward than to stay here. I need some

help. Can you please get me out of here as soon as possible? I'd much rather go to a prison than to stay here. Can you please arrange this or have my case dismissed on grounds of a false charge? I tried to sign my rights over to the Dad at court, on record and transcript with witnesses present on 10.03.2018 but was unable to due to dilemmas of the criminal court stemming from false charges which I'd like to have dropped and abuse from the jailers in the meantime while I await trial. This goes against any proper or normal course of business.

Please help me try to resolve this so I can return to my normal life or send me to prison already and get it done and over with. I'm suffering from an acid burn on my tongue if you guys need to see I'm not lying. There is no mental health crisis. They have been talking to contacts about me outside of here who are against me and have been for a long time. They are my Mom and Dad apparently. They have seen nothing with their own eyes of any evidence to be deemed viable as a witness on behalf of the matter they've been discussing to the mental health counselor about me. The counselor and the Nurse and staff have been pinpointing me as a target ever since I first arrived here. The first time I almost died was at the end of August and then several times after that, including last night I had a real close call with death. The mental health counselor claims I'm delusional about every single thing I say even when I'm agreeing with her or discussing an order the Judge wrote even though I have actual proof of those orders. I wonder sometimes if she'd disagree with me if I told her how the sky is blue and the grass is green and simple things like that as she abusively calls me delusional almost everytime we meet. She's clearly up to the abuse procedures in here as well as all the other staff are. They are abusing me, mishandling my medical records and trying anything they can do to try to cause harm and death to me. The nurse gave me acid which almost burnt my tongue off and handed it to me in a cup which could have splashed on any workers face who handed it to me and permanently disfigure their face through third degree burns. This is an atrocity. They ought to be ashamed of themselves. I've been here entirely too long. I need out of here already. An O.P. regarding me writing emails about the father was taken against me on 7.02.18 and this is the order of protection violation ip before Judge Cynthia Paccuglia, one I'm in here on. There is no child involved in this O.P. as out yet the bond standards were raised as if a child were involved as if they prosecuted the wrong O.P. or something causing them to get away with Maritime law procedures as the child is referred to as a "Common See Robbing" in the court case that the O.P. originated

from. They appear to be abusing me based on Maritime Law standards even though the case with the child is not the O.P. which I'm being charged for having violated. The Judge appears to be colluding with the State Attorney as when this case first started before her, Mr. Paccuglia suggested she be off the case and a special prosecutor be appointed who is Kristin Miller, special prosecutor located at

There have been way too many faults and errors associated with this case to let it continue any longer. I need released from herein supreme form. Please arrange a way for me to get out of here on a basis of case neglect, improper procedures or other form of way you can have this case dropped so I can be out of here alive and without being caused any further damage as this is just.

Sincerely,
Julia C. Eckman

Incarcerated "Need help"

Dear Judge Bernabei,

I have been incarcerated improperly at the LaSalle County Correctional Center located at 707 East Main Road Ottawa, IL, 61350. They are trying to sincerely kill me in here on a regular basis. Ever since I told the Judge presiding over the case I was involved in a D.C.F.S. corruption matter, they have stepped up their game of trying to follow through with murdering me in here.

have myself subrogated under American Land Law procedures or at least I tried to. I sent the public defender I have on my case here a 3 page file declaring my independence from Maritime Law Court procedures. He still made no effort to get this filed with the court as I've asked him. He says there's a conflict of interest between us, with who that's involved with, I'm not exactly sure. It might happen to be a pedophile or cult club that my ex-lawyer claims my child's father's involved with. He claims there are tons of people on it within this county making it difficult for me to obtain just legal services in this area.

I'm uncertain if Mrs. Gitten understands how to conduct a case properly or if she's in collusion with those so called cut members. She misrepresented my case when she handled the matter in the following ways:

She's not the presiding Judge on the case 15-F-153 when she heard an O.R. matter for which D.C.F.S. was trying to grant the father custody through their lies, manipulation and deceit. She improperly labeled the O.R. matter for this instance unlike any other O.R. I have dealt with. There was no abbreviation "O.P." in the title and she merely left it labeled the same as the 15-F-153 case, misleading the onlookers that it was a Family case instead of an O.C. proceeding.

The child's name is listed as "Connor Lee Robbins" in the family case proceedings and I want this taken off the record. We're not in a cult or corporations. I don't want either of us to be cleared as such due to my involvement with the case. I want all of it done and over with.

He can have her. I tried to sign my rights over to him at the civil trial court recently and due to improper procedures that have been taken against me here, I could not see my way out of this Maritime Law Cult, offer the Father custody without my involvement or have the case dropped at trial due to me being in cuffs and being held back from proceeding in just legal process due to corruption against me in the criminal case.

Seems like they're trying to help their friends out or get away with murder due to Maritime law procedures. Even then that wouldn't be necessary due to the fact they can earn their cell money due to the "Connor Lee Robbins" stipulation without worrying about legal consequences. They wouldn't even have to worry about this anyways as I am no threat of harm to them and wish to be done with all the court stuff. This leads me to believe that there are some serious personality disorders among the staff here at the LaSalle County Jail.

Nurse Cadden put acid in some water and with the help of the chief jailer insisted that I drink a whole gallon jug of it. It left third degree burns on the tip of my tongue and a rash inside of my mouth from only touching the tip of my tongue to the water to test and avoid poisons as I've been poisoned here several times in the past from them. They insisted workers pour "water" from here as needed. They would burn if they got some on them.

1 1 1 3 They have been air poisoning me, gassing me with air in my vents, adding poisons to my food sources where I can't have food anymore. I am on week 2 with absolutely no food and absolutely no water at all. They have restricted my ability to have a cup and order commissary which is the only food I eat sometimes when it's not poisoned. I can have absolutely no food at all from them here. All of it's poisoned.

The first time they tried to kill me was August 18th 2018. They added cyanide to my hot dogs and poisoned me through the air. I fell apart and they made up a mental health crisis about me after that. Things have transpired even worse. Furthermore, they're threatened to stab me with a needle if I refuse to take medication from them after I get back from the mental health care facility. They're insisting that I go to to be deemed fit to stand trial further delaying my legal process, when I could be evaluated here to perform on the stand if the mental health counselor could be cool enough and allow it. She looks pretty unlikely to me to be quite honest with you.

COPY

I'm quite naturally a vegan outside of here and not into accepting medications from people who are trying to kill me or being stabbed with needles by them either. The other day, Jen the mental health counselor threatened me with more prison time if I refused to take medications while I was being deemed fit to stand trial. She alleged how this court case could drag out 2-4 years with the mental health crisis, which I asked her to drop so I could go forward with trial already.

I am not even guilty and even if I was I could only get a small fee. I am not even being prosecuted for the right case here. The 07/02/2018 case which I'm standing trial for is an order of protection involving the child's father, not the child. It appears they went ahead with Maritime Law procedures by prosecuting the O.P. with the child involved from 10/05/2010 to get away with abusing me in here.

Please get me out of here. I do not want to die. I want to live a good life, am fit to stand trial and need to be deemed as such. I can get this case done and over with.

Please help me relieve my legal situation immediately.

Assauged,
Julia Ciccone

This is about case 15-F-153, a Family case in LaSalle County, Illinois, involving Kevin Kramer (petitioner) & Julia Eickmeier (self/respondant). Here are the reasons why I should have my charges dropped in the criminal case (18-CM-426) stemming from the fraudulent misproceedures of the Family case that was mishandled by several Judges in Bureau and LaSalle county.

- I have unfortunately have been poisoned and attempted to be murdered at the LaSalle County Prison in regards to my child custody case because Kevin has prostituted our child to the LaSalle County police officers and has profited from this and so was an attempt to cover up their crimes of prostitution and illegal sexual fornication with my child as well as murder me. According to Chicago, Illinois private Detective Ron Darino, there is evidence of child pornography and graves being dug on the Father's phone and sent to local politicians who have been giving the Father money for prostitution of the child. It appears these are attempts to gain the Father custody through the use of an order of protection by and through the power of his attorney, who is also his Uncle, Robert Steele.
- It appears that Robert Steele had Kevin admit to ex-States Attorney, Brian Towne, that he was part of the local pedophile club. Hence Kevin's published song called "Dear Mr. States Attorney". He promised to let local politicians have sex with his child so that he could win custody of his child in court, not because he had her best interests, but because his Mom wanted her. She has a mental disorder that causes her to like having anybody have sex with her grandchild at the expense of her life and even at the expense of having neither parent present in her life I am not involved in this cult and want no part of it. I want my daughter to have nothing to do with it either. Here are the following reasons why my child should not be involved with this cult or type of stuff:

1. The Father isn't able to provide her with proper care and that type of stuff needs excellent care coupled with it in order to make it acceptable.
2. He lives in a shack style apartment which causes her to be without adequate housing, without adequate nourishment or clothing because the space is so inadequate that he can barely fit all his music gear inside let alone her stuff. He sleeps on a couch for a bed that barely fits into the space and which he is too big for causing him to be without adequate sleep which detracts from his already unqualified parenting skills.
3. In the case that something happens to the Father, he has no capable back-up as he has entrusted the help of complete strangers very early on in the custody case who abused church doctrine at the church across the street from the police station. These people including Liberty Johnson from the church appeared to have been running an illegal daycare operation as they were said to be watching numerous children above the limit for an unlicensed daycare facility. This is where Kevin was dropping our child off when he attempted to take her from me earlier on. It appeared to be for cult reasons. The child had come home with sexual abuse signs from there. The police seem to be involved as they are right across the street from them. Immediately to the North of this church is I.V.C.H., the hospital that worked with the police to cover up abuse to the child. About 5 houses South of the police Department is where Kevin's parents live which is right across the street from Ted Arkles, Kevin's bandmates house and where Kevin used to "run off to" anytime he had his child at his parents.

This has all been unfair to us. I just wanted my child to have a normal upbringing. These people went against me because of their corruption and tried to kill me because it got brought out in my court case. I did not want to go against them but just wanted my child to have a normal upbringing and they stood in the way of that, causing her to be taken away from me and thrown into a place where the care of the father is barely present. I did not want me or my child to be wrapped up in this corrupt cult scenario. It is unfair to both of us.

Throughout these years of abuse from the Father coupled with the abuse from the police, we have suffered a tremendous amount of emotional pain and suffering. In the discourse of the Legal action that was taken against me to prevent me from seeing my child, we have been apart for almost 3 years now. Me and my daughter don't deserve to be apart from each other. She needs me in her life to see what a proper view of a woman is like. Why should she not have this since I am there and ready to provide care for her.

In the years of a child's life, they need their Mother to provide nourishment to the right hemisphere of their brain to alter the way they view the world. The child deserves to have me in her life. She has done nothing wrong and doesn't deserve to be tortured or punished by not having her Mom in her life. I'm sure the Father and his Family would tell you otherwise. They view abuse to her as a means to achieve their goals. The Father threatened to kill the child, writing song about making her a blood sacrifice, putting gasoline on her baby bed, abusing her and threatening to kill us both, including himself as a means to stay away from having to pay child support, he reported. The Father was writing notes about killing me and leaving them around his house. I didn't want me or my child to die or be at risk of death. I didn't want to stay with him to where I was in danger or she was at risk of being raised without me due to death threats to me. I told his Mom about the abuse one day and how I felt like leaving. She expressed how the death threats stem from a mental illness in the family, Schizophrenia and how she would sue me for custody of my child if I left Kevin. I could see no other option for us at that time but to leave though.

The Abuse continued and instead of the police helping, they got more into abusing the child and leaving her in poor care afterwards, utterly disregarding her life and simultaneously taking advantage of the Father and his family's mental weakness, abusing them and the child through them, taking out their sexual desires, abuse to Kevin, child and his family and the police's own mental disorders out on this child. This is extremely inappropriate. I want my child back and out of this environment and into a normal way of living + life. The police officers need to be held accountable. They have extreme personality disorders and take it out by abusing several people in the community besides us. This is public knowledge. Several court cases have stemmed from police corruption in LaSalle County, Illinois. Lawyers, Firefighters, public

figures alike express police corruption and provide evidence of this. They need psychological evaluations. They are tyrants. They abuse people because of their personality disorders. The Father lets them abuse his child because he expresses desire to kill and harm his child and views this as another way to achieve that. The county is out of control. No one in the State of Illinois will hold them accountable because of cult affiliations, but someone really needs to hold them accountable. I want my child out of there and back with me.

An army of people have conspired against me to have my child be taken away from me and be provided abuse. She apparently needs emotional pain and suffering compensation due to being kept away from her Mom for 3 years, forced to endure abuse and have adult sexual relations above a normal limit of appropriateness for a child her age, which severely endangered her life and all of which could cause death in the following ways:

1. Sexual penetration with adult males even who use condoms, condoms could fail and provide the child with venereal diseases which if left untreated can cause more serious infections, brain disorders, death, disfigurement and which would require medical treatments to fix which would provide the child with more abuse and trauma from medical procedures from unnecessary abuse which is something we ought to avoid altogether.

2. Penises depending on the size too large compared to her, and at that age could cause her not only abuse and trauma, but her soul to fracture, causing mental disorders and crazy psychological problems which can cause her to be out of touch with reality. That coupled with the abuse of the Father - via mental, moral, emotional, spiritual, and physical.

In the following months I have absolutely no problem providing care to my child, but the LaSalle County police do. They will do absolutely everything within their power to keep me away from my child even at the expense of my life and hers.

I would greatly appreciate it if my charges could be dropped right now because I have only been a source of help to my child and trying to get her to adulthood safely without too many unnecessary problems throughout her childhood. I have never been a risk or threat to her like the Father is.

Please have some respect for my child's wellness and let her see me on a regular basis, despite everything they have planned for her. I want us out of the cult's involvement.

Thanks.
